

Coming Soon! The New Employee-Manager Portal

From the Defense Civilian Personnel Advisory Service (DCPAS)

As a part of the DCPAS marketing strategy for the new Employee-Manager (EM) Portal, DCPAS will host a demonstration to showcase the new portal and its features via Defense Connect Online (DCO). DCO's will be held every Friday at 0700 and 1200 CST through the scheduled production date, March 30, 2014.

To connect to the DCO visit <https://connectcol.dco.dod.mil/r7z4nfv0s0u/>. The DCO sessions last about 15 minutes and participants will need to have either head phones or speakers connected to their computer to hear the presentation. There is NO telephone dial-in to hear presentation, the presentation slides and accompanying speaker's audio is accomplished through the DCO only. The DCO focuses on the new presentation of employee and manager information and functionality.

To view the marketing flyer announcing the weekly DCO's and a screenshot of the Employee-Manager Portal visit the Fort Sam Houston webpage at <http://www.samhouston.army.mil/cpac/documents/TheNewEmployeeManagerPortal-DCOAnnouncement.pdf>

DoD Rolls Out Mobility Strategy
DoD CIO rolled out its Mobile Device Strategy meant to maximize the potential uses of mobile devices, and focuses on three key areas: wireless infrastructure, mobile devices and mobile applications. The goal is to keep these areas flexible and secure enough to benefit the warfighter and keep pace with changing technology.
